

Midtown Orthopedics & Sports Medicine.

400 NW 13<sup>TH</sup> ST

Oklahoma City, Ok 73103

Phone: (405) 272-8326

Fax: (405)272-7963

Your signature on this form does not guarantee narcotic medications from Midtown Orthopedics & Sports Medicine.

Midtown Orthopedics is updating our narcotic prescription policies. By signing below you agree to random urine medication screenings and **you understand that all narcotic refill requests must be made 3 business days in advance and not after hours or on weekends.** Midtown Orthopedics also participates in the Oklahoma Bureau of Narcotic prescription monitoring program. This will give us up to date information on prescriptions written by other providers and filled by you. You also agree that once chronic narcotic medications have been resumed by your primary care physician or pain management physician post operatively they will be the sole provider for these medications. **We do not do prolonged chronic narcotic pain management.** Because of our participation in online medication monitoring and urine medication management, **narcotic prescriptions will not be requested and provided on the same day.**

Signing below also attests that you have received the narcotic request phone line wallet card, which states no narcotic requests and refills the same day. They must be made 3 days prior to an office visit and 3 days prior to requiring a refill.
